- Promotes healthy bones
- Supports natural energy production
- Provides calcium and magnesium in the preferred 2:1 ratio
- Promotes optimal absorption
- Freshness, potency, and purity guaranteed

Chelated Cal-Mag provides calcium and magnesium in the preferred 2:1 ratio. These two essential minerals promote healthy bones and support natural energy production. Fully-reacted calcium glycinate and buffered magnesium glycinate promote maximum absorption. Chelation assists the body in transporting minerals across the intestinal wall as part of digestion.

This product is tested by an independent, FDA-registered laboratory for freshness, potency, and purity.
