

Vessel Care®

120 Capsules

Support for Healthy Methylation & Homocysteine Metabolism *

Serving Size:

2 Capsules†

Ingredient	Amount	Daily Value
Riboflavin	1.6 mg	94%
Vitamin B6 (as pyridoxine HCl)	25 mg	1,250%
Folate (as calcium L-5-methyltetrahydrofolate)	800 mcg	200%
Vitamin B12 (as methylcobalamin)	1,000 mcg	16,667%
Zinc (as zinc citrate)	1.5 mg	10%
Manganese (as manganese citrate)	0.4 mg	20%
Molybdenum (as molybdenum glycinate)	15 mcg	20%
N-Acetyl-L-Cysteine	600 mg	*
Betaine HC	500 mg	*

Other Ingredients: Capsule (hydroxypropylmethylcellulose), silicified microcrystalline cellulose, stearic acid (vegetable), magnesium stearate (vegetable), and silica.

Directions: Take 2 capsules once daily, or as directed by your healthcare practitioner.

This product is non-GMO and gluten free

Caution: If pregnant or nursing, or taking medications, please consult your healthcare practitioner before use. Keep out of the reach of children.

If pregnant or nursing, or taking medications, please consult your healthcare practitioner before use. Keep out of the reach of children.

Storage: Keep tightly closed in a cool, dry place..

*Daily Value not established.

†Vegetarian capsules.

Vessel Care is a comprehensive formula that features calcium L-5-methyltetrahydrofolate—a body-ready, nature identical folate—along with N-Acetyl-L-Cysteine, vitamins B6 and methylated B12, and betaine HCl. Together, these nutrients support methylation, which promotes healthy homocysteine metabolism.*

Vessel Care®

120 Capsules

Support for Healthy Methylation & Homocysteine Metabolism *

Q. How does Vessel Care® compare to other products or approaches?

In addition to folic acid, the blend of biologically active folates in Vessel Care may offer an advantage for those with genetic variations in folate metabolism. It also provides intrinsic factor, a glycoprotein that promotes intestinal absorption of vitamin B12. This product contains only natural ingredients for a safer approach.

Q. How does Vessel Care® work?

It provides a targeted blend of multiple nutrients shown to support healthy methylation—folate, trimethylglycine, choline, and vitamins B6 and B12. Methylation influences many areas of health. In the cardiovascular system, healthy methylation promotes healthy homocysteine levels, which in turn influence blood vessel (vascular) health and blood flow (circulation).*

Q. How long is Vessel Care® typically recommended?

This formula was designed for cardiovascular health support on a daily basis where appropriate. Your health care professional may recommend a follow-up visit at 12 weeks, for example, to re-evaluate markers of cardiovascular health. Individual results may vary. For best results, follow your health care professional's guidelines.*

Q. Who would benefit from Vessel Care®?

Health care professionals recommend this product to support healthy cardiovascular function, including support for healthy methylation to promote healthy homocysteine levels (a biomarker of cardiovascular health). It may also offer an absorption advantage for folate and vitamin B12.*

Q. Why is Vessel Care® safe?

It contains a blend of natural ingredients with an excellent safety profile. Plus, Metagenics' manufacturing facility has 3 certifications for good manufacturing practices to ensure the highest quality.
