- Powder Contains 2,000 mg of IgG per Serving
- Natural Source of IgA, IgD, IgE, IgG, IgM\*
- Helps Support the Immune System\*
- May Positively Affect Bone and Lean Muscle Mass\*
- Helps Support Healthy Cognitive Function\*

**ImmunoG PRP™** is a pure bovine colostrum and is collected within the first 16 hours after birthing. It is a natural whole food that provides a rich source of IgG and PRPs (Proline-Rich Polypeptides).\* It also supplies protein, immune factors, growth factors, vitamins and minerals to ensure health and vitality naturally.\* Numerous scientific studies have shown that colostrum supports the human immune and cytokine systems.\* Bovine colostrum is actually 40 times richer in immune factors than human colostrum and is biologically transferable to humans.\*

PRPs are information-carrying proteins (peptides) with amazing adaptability. They support the body's balanced production of cytokines by sending signals via specific cell receptor sites.\* PRPs also support the thymus gland, which is known as the body's central command for the immune system.\*

Many colostrum products are produced in a way that they lose these very important PRPs. This formula is low heat processed for maximum biological activity and is hormone, antibiotic and rBST free.\*
