Mag-Plex Ultra - 120c

Muscle, Nerve and Energy Support*

Mag-Plex Ultra™ features the highly absorbable magnesium lysyl glycinate chelate and the patented di-magnesium malate from Albion® Advanced Nutrition, the world leader in patented mineral amino acid chelate and organic mineral acid complex research and development.* NuMedica® has chosen Albion® Advanced Nutrition's mineral technology to provide the highest quality minerals for optimal absorption and utilization.*

Magnesium is involved in over 300 enzyme-related processes including cardiac, muscle and nerve function and the production of ATP for energy.* Magnesium also plays a role in supporting optimal bone density and maintenance of blood glucose levels.*
