NAC (N-Acetyl Cysteine) - 60c

Powerful Antioxidant Protection*

NAC (N-Acetyl Cysteine) is a form of the amino acid l-cysteine and acts as a powerful free radical scavenger.* It is a precursor to and supports tissue levels of glutathione (GSH), the principle defense within the body against reactive oxygen species (ROS) and the detoxification of drugs, metabolites and other compounds.* NAC has also been shown to support healthy lung function through its mucolytic capability.*

Serving Size: 1 Capsule

Servings Per Container: 60 (small) or 120 (large)

One Capsule Contains:

N-Acetyl Cysteine (NAC) 600 mg
